

POWERFUL. SMART. CLAMSHELL FOR A RUGGED WORLD

Uniden® UR7

The Uniden UR7 is the first LTE rugged smart phone in a clamshell form factor. This powerful device is based on a Qualcomm Snapdragon chipset supporting all North American bands including 4G LTE.

This IP67 device boasts 4G speed, crystal clear cellular call quality via dual speakers, dedicated PTT and SOS buttons, touch screen and more packaged in an ergonomic clamshell form factor making it best in class for a rugged world.
